

We Listen. We build. We deliver.

HORUS Construction Services has been an integral part of the Tampa Bay community for over 20 years. Working on many of the Bay Area's iconic projects has been a privilege and has enabled us to give back to our community. We have created HORUS Academy to provide mentoring to minority, underserved, women-owned, and local businesses, in addition to helping historically marginalized youth get college ready, career ready, and life ready. We are committed to creating ongoing opportunities for our community so that those we mentor may continue the process for others because *together we can make a difference*.

HORUS Academy is a 501 c3 committed to education, empowerment, economic development, and equitable opportunities for historically marginalized youth and businesses. We foster youth development by helping students get *career ready, college ready, and life ready*. We *demonstrate, coach, and enable* historically marginalized local businesses, helping to create an equitable ecosystem for everyone within our community.
